ROAD PETITIONS SET FOR TOMORROW

MEMBERS OF THE COUNTY COURT INSPECTING TWO ROADS TODAY

TO TAKE SOME ACTION

The Court at Their Meeting Tomorrow Will Also Make Several Appointmeus for County Officers.

The members of the county court are making an inspection trip this afternoon over the two roads for which petitions have been filed for special road districts. The court is to meet tomorrow when it is expected some action will be taken. The petitions to be considered at that time are the one for a road district south of Hopkins to Pickering and the other south of Pickering to the township line between Union and Polk townships. A third petition for a district between the Iowa line and Maryville and following the road as surveyed by the state highway department has been filed with the court but no action on this petition can not be taken before the May term of the court.

The state highway engineer, H. D. Judson, is expected to attend the court meeting tomorrow. He contends that there will be no state aid to these districts which select other roads than the one picked out by the state department.

There is quite a feeling or rivalry between the supporters of the two roads and it is thought that nothing much will be accomplished at least this year.

Petitions for special road districts, one from Maryville south to the county line, and also one from the west part of the county to the east part will be filed soon before the court so as action can be taken at their May term.

The court at their meeting tomorrow is also to appoint several county officers. They will be a deputy state health commissioner, instead of a county physician, a janitor at the court house, county highway engineer and title examiner.

NEAR EAST RELIEF DRIVE PLANS MADE

NODAWAYS QUOTA IS 42 ORPHANS OR $7560.

START WORK FEB. 22

To be Collected Through Organizations and Churches Rather than Individual Solicitations.

The organization for the Armenian and Syrian relief drive in Nodaway county is now perfected and the campaign is to be launched next Sunday, and continue during the week, closing the following Sunday.

S. H. Kemp has been selected county chairman, Rev. R. E. Snodgrass, secretary and A. K. Frank, treasurer. The drive this year will not be put on with a house to house canvass, but through the various organizations of the county. Each church and fraternity has its county leader and this leader will assign quotas for the membership of the various organizations throughout the county.

This week will be spent in perfecting plans and giving the movement publicity. Nodaway's quota is 42 orphans. It is expected many single organizations will adopt an orphan for the year. The first Christian Sunday school has adopted the first orphan. The cost of support for one orphan is $180 per year. It is hoped there will be some individuals who will adopt one for the year and if not for a whole year for six months at $90 or one month at $15.

The committee believe this to be the most worthy cause ever launched. Herbert Hoover says "In the near East is the most desperate situation in the world. helpless women and children are dying by the thousands every day. This is an emergency call to the them over until the harvest and the workers feel that the people of the community will do their share. If any one is not a member of an organization and seen by one of the committee their subscription can be left with any banker and will be forwarded in to the committee. Nodaway county is rich and prosperous and cannot be excused in this worthy project.

CHANGE OF VENUE GRANTED IN CASE OF ROY MARTIN

Martin and Moore Pleaded not Guilty in Court at Casper, Wyo., Saturday

The following article is taken from Saturday's Casper, Wyo., Tribune.

Charles Moore and Roy Martin, held with Hugh Armstrong to answer to the charge of murdering Deputy Sheriff Tom Majors on November 2, when a bootlegging raid was in progress, entered pleas of not guilty when arraigned before Judge Ralph Kimball in the district court this morning. The state was represented by M. W. Purcell and C. E. Winter, special prosecutors, supported by County Attorney A. R. Lowry.

The attorneys for the defense, C. D. Murane, representing Moore and C. P. Plummer, representing Martin, then filed a motion for a change of venue which was granted by the judge.

The same ruling was made on the motion that was made in the Armstrong case and the cases were transferred to Converse county.

The remainder of the morning was spent in arguments on Moore's application for bail which had not been completed at noon. The matter was continued until 3:30 this afternoon.

Objections to the application were made by the state on the ground that all the evidence taken at the preliminary hearing before Judge Tubbs was not available, as the only copy of the evidence was one made by Judge Murane's stenographer, which was available to the state, altho there had been a verbal agreement between council that it should be available. The defense argued that Moore was not present at the actual shooting and that no evidence had been introduced to show that he was actually in the taxicab which figured in the case. The testimony of Poulos, the Greek, that he took Moore to the scene of the crime and pointed out to him the place where the liquor was stored, and that Moore asserted that he was the owner of the liquor was declared by the defense not to be strong enough proof of complicity so that she should be denied bail.

It was ruling that the notes taken by Judge Murane's stenographer must be considered his property the attorneys for the state asked permission to prepare affidavits which will be submitted at this afternoon's hearing.

POLK CONFIRMS REPORT OF WILSON'S EXPECTED WITHDRAWAL

IS TERRITORIAL DISPUTE

Wilson's Charges Rejected by two Premiers According to Newspapers Statement.

New York, Feb. 16.—Frank Polk, acting secretary of state, today confirmed the Paris report that the president has notified France and Great Britain that the United States withdraws from participation in European affairs if the Italian-Jugo Slav dispute over territory on the Adriatic is settled without the president's concurrence. Polk is visiting his mother here.

London, Feb. 16.—Despite the Paris reports, Premiers Lloyd George and Millerand have already replied to President Wilson's protests against the Adriatic settlement without the President's concurrence, it was learned from an authoritative source this afternoon. The Premiers are considering their answer to Wilson. The newspapers refer to Wilson note as Wilson's Adriatic bombshells.

London, Feb. 16.—The Evening News state this afternoon it is understood the French and British Premiers reply to Wilsons protest against the settlement of Adriatic problem along lines favorable to England and France, is drawn in direct language and would increase already the acute tension if sent.

Paris, Feb. 16.—Premiers Millerand and Lloyd George have sent a reply to President Wilson's note relative to the Adriatic compromise and hold to their position expressed in the note sent to the Jugo Slav government on January 20, giving that government an choice between the compromise or the execution of the treaty of London, according to "Pertinax," in the Echo de Paris, this morning.

Mr. Wilson's charges against Italy are rejected by the two premiers, it is said by the newspaper, which declares they asserted in their reply that Italy threw all her weight into the struggle and fought for high ideals. The number of Italian dead is recalled in one section of the reply.

While thus replying to Mr. Wilson, Mr. Lloyd George, acting as president of the conference, write M. Trumbitch, Jugo-Slav foreign minister, informing him that England and France maintained their original viewpoint—namely, that Jugo-Slavia must accept the compromise agreement or face the execution of the treaty of London.

What Car Rivals the Hudson Super-Six?

What can any fine car give that compensates for lack of the Super-Six motor?

It is exclusive in Hudson. For five years it has meant unquestioned supremacy in acceleration, hill climbing, road and speedway contests. But, more important, it reduces vibration almost to nil and so checks the most destructive force automobiles must contend with. This assures dependable everyday transportation and long life in the car.

And Hudson also is supreme in design. It created models now standard with all fine cars. Men and women of good taste always turn first to Hudson for beauty, distinction, power, speed, reliability and endurance.

More than 80,000 Hudsons have been sold. The demand far exceeds production. Unless you order now you may be disappointed in delivery.

Ravenwood, Mo., Feb. 12, 1920.

John LeGrand Baker,
Doctor of Optics,
Maryville, Mo.

I wish to say to you two years ago last May my eyesight failed. I went to St. Joseph and called on Doctor ———. He tested and fitted my eyes with lasses. They were not satisfactory. I went back. He made another examination and said my eyes would have to be treated and possibly an operation. I then went to Rochester, Minn., and called on Mayo Bros. They made an examination and told me all my eyes needed was to be properly fitted with glasses. I went to Maryville and called on an eye specialist who fittoel my eyes with glasses with no better results. I had almost given up hope of ever being able to see again, but at last on Sept. 20, 1919, I called on you. The examination was different from the others. You had the lens ground for each eye and I am wearing the glasses with entire satisfaction. I can see as well as I ever did, for which I am very thankful to you.

Very respectfully,
MRS. L. C. GRANTHAM.

MISSOURI WOMEN Tell What They Know

St. Louis, Mo.:—"Dr. Pierce's medicines that I have had occasion to use have proved most beneficial. I have taken the 'Favorite Prescription' for general weakness and when run-down and suffering with nervousness, and can truthfully say it has done me more good than any medicine I have ever taken.

"The 'Pleasant Pellets' are very good to regulate the system and aid very much in keeping a person in a good healthy state. —MRS. AMELIA THORN, 1204 John Ave.

What All Say

Jane, Mo.:—"I can never say enough in praise of Dr. Pierce's wonderful medicine. Twenty-eight years ago I was in very poor health, having taken the measles when my oldest child was one month old. My blood was out of order and I also had inflammation of the womanly organs and bladder. I doctored with the best doctor I knew of, but gradually grew worse till I wasn't able to do anything. I heard of Dr. Pierce's medicines, so got a bottle of 'Golden Medical Discovery' and one of 'Favorite Prescription' and I immediately commenced to improve. After taking three bottles of each I was able to do light housework and felt like a different person—a very small expense compared with what I had been paying the doctor. Since then I have used these medicines for myself and family, and find they are just as recommended."—MRS. CHAS. SHANKS, Jane, Mo.

Used In Family

Kansas City, Mo.:—"For a number of years Dr. Pierce's Pleasant Pellets have been the only purgative medicine I have used in my family. They are no trouble at all to take and will eventually cure the worst case of chronic constipation. I have also taken Dr. Pierce's Favorite Prescription when in need of a special tonic and it has never failed to give the desired relief." —MRS. MARY K. BOLT, 3111 E. 20th St.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c

MILLIGAN MAJORITY 1902, COMPLETE RETURNS SHOW

The Total Number of Votes Slumped—Receives a Larger Majority Than Alexander Did in 1918.

Complete unofficial returns from Saturday's election in the Third district give Capt. J. L. Milligan, Democrat, a majority of 1,902 votes over John E. Frost, his Republican opponent for the office of representative in congress to serve the unexpired term of Joshua W. Alexander, appointed to President Wilson's cabinet as secretary of commerce.

All precincts in the county except three in Harrison county have been heard from. With those precincts missing, the vote by counties computed from complete but unofficial returns, totals as follows:

The returns in the election, by counties, are as follows:

Gentry—Milligan, 1,354; Frost 1,111.

Daviess—Milligan, 1,578; Frost, 1,076.

Clay—Milligan 2,889; Frost 530.

Harrison—Milligan, 1,060; Forst 1,400; (incomplete).

DeKalb—Milligan, 1,014; Frost, 1,0227.

Mercer—Milligan, 404; Frost 947.

Worth—Milligan, 616; Frost 514.

Caldwell—Milligan, 1,154; Frost, 1,533.

Ray—Milligan, 2,275; Frost, 1,961.

Alexander, recently appointed secretary of commerce, defeated Frost in 1918 by 1,793. Alexander was elected in 1916 by a majority of 3,899.

With one precinct missing in Harrison county, the unofficial returns shows this total vote:

Milligan	13,823
Frost	11,925

Ben M. Neale, Democratic state chairman in charge of the campaign, said: "I figured on about 2,000 majority all the time."

Many of the more enthusiastic Democrats are reported here to have lost heavily on wagers of a Milligan majority of more than 2,000.

Milligan carried Plattsburg township, home of Frost, by 130 majority. The Democratic candidate carried Richmond his home town, by 378.

The total vote cast in 1918 congressional election in this district was 30,017.

Wiley Thompson of Pickering was in Maryville on business today.

WINDOWS

Our eyes are the windows to our soul Incompetent people handling the shades are liable to pull them down wrong and they will never rise. Then we will have to grope in darkness the rest of our lives. When our eyesight begins to fail. Stop and think of this. Many people have gone blind by wearing cheap unfitted glasses. Thirty five per cent of the people are born with deficient eyes and no one has a normal eye above the age of 40. Good glasses, properly fitted is the best remedy in the world for eyesight.
